EDUCATION

B.Tech Information Technology

College of Engineering
Thalassery Kannur
2018-2022

SKILLS

Programming Languages:

- C#
- SQL
- Python
- C++
- JavaScript
- HTML/CSS
- PHP

Frameworks and Technologies:

- .NET Framework
- ASP.NET MVC
- Entity Framework
- Microsoft Office

Web Development:

- Front-End Development
- Responsive Design

ABOUT ME

- Results-driven Software Engineer with nearly 2 years of experience in developing robust and user-friendly web applications using .NET MVC and C#.
- Skilled in translating complex business requirements into efficient technical solutions, consistently delivering high-quality software within deadlines.
- Proficient in problem-solving and dedicated to continuous learning and professional growth.
- Experienced in collaborating with cross-functional teams to ensure seamless integration and delivery of software solutions.

EXPERIENCE

Software Engineer

Zerone Consulting Private Ltd, India

Software Developer

Dec 2022 - May 2024

- Developed and maintained web applications using .NET MVC and C#, improving user experience and functionality.
- Collaborated with cross-functional teams to gather and analyze requirements, leading to the successful implementation of several high-impact features.
- Wrote and optimized SQL queries to interact with databases, ensuring efficient data retrieval and manipulation.
- Conducted code reviews and participated in daily stand-ups as part of Agile development practices.
- Debugged and resolved software issues, reducing downtime and enhancing system stability.
- Assisted in the development of web applications using .NET MVC, gaining hands-on experience in coding, testing, and debugging.
- Contributed to the development of user interfaces and backend services, applying best practices in software design.
- Participated in team meetings and provided support in project management tasks, learning Agile methodologies and project workflows.

Database Management:

- SQL Server
- Database Design and Normalization
- Query Optimization
- Stored Procedures

Software Development Practices:

- Object-Oriented Programming (OOP)
- Model-View-Controller (MVC) Architecture
- Agile Methodologies (Scrum)

Testing and Debugging:

- Unit Testing
- Integration Testing
- Debugging Techniques

Project Management:

- Requirements Gathering
- Client Interaction
- Sprint Planning
- Time Management

Additional Skills:

- Performance Optimization
- Collaboration and Teamwork
- Problem-Solving
- Communication Skills

COMMUNICATION SKILLS

- English (fluent)
- Malayalam (fluent)
- Hindi (basic)

Software Trainee

Aug 2022 - Dec 2022

- Training in SQL: Developed and optimized complex SQL queries to manage and analyze large datasets. Gained experience in database design and normalization.
- Training in Python: Worked on various projects involving data analysis, web scraping, and automation scripts using Python.
- Training in C++: Developed console-based applications and learned object-oriented programming principles. Implemented data structures and algorithms to solve computational problems.
- Training in PHP: Developed a foundational understanding of PHP for building simple web applications.
- Training in JavaScript, HTML/CSS: Built interactive and responsive web pages. Gained experience in front-end development and client-side scripting.
- Training in .NET and MVC: Developed web applications using the .NET framework. Implemented the Model-View-Controller (MVC) design pattern to separate concerns and improve code maintainability. Collaboration and Communication: Worked in agile teams, participated in daily stand-ups, and contributed to project planning and code reviews.

INTERNSHIP

Python Developer Intern

Zinfog Codelabs Pvt Limited, India

15 July 2019 - 19 July 2019

Python Development: Worked on various projects involving data analysis, web scraping, and automation scripts using Python.

Robotics Intern

Infoc Technology, India

23 March 2021 - 08 April 2021

Robotics Development: Assisted in the development and programming of robotic systems.
