Career Objective

To get an opportunity where I can utilize my potential to the best of my ability and contribute to the growth of the organization. 2020 - 2023
I am looking for a role with a company where I can further my career and develop valuable skills

Work Experience

Leadership potential

- I used to work in a warehouse where 20 people were under me and I used to manage all the work

e-commerce

- Independently managed Watchers Store for six months, overseeing day-to-day operations including product sourcing, inventory management, and customer service.
 - Developed and executed targeted marketing strategies, leveraging social media platforms to boost engagement and sales.

2020-2023

Business Consultant

- Problem-Solving: Addressing daily challenges in a warehouse setting can translate to strong analytical and problem-solving skills in a consulting role
- Operational Management: Overseeing all the work in the warehouse shows your capability in handling logistics, workflow optimization, and efficiency improvements.
