PROFILE

Resourceful Software Quality Assurance Engineer with 5 years handling complete review process.
I'm a quick learner & keen to learn new techniques which will be provided by the company in the future regarding automation testing. You will find me to be well-spoken, energetic, confident, and personable, the type of person on whom your customers will rely. I am a professional individual with energy and drive to achieve aims and the commitment to see projects through to completion. My personal attitude has always been not just to meet expectations but to excel beyond them with honesty, integrity and hard work.
