ABOUT

Highly motivated Software Engineering student with extensive experience in designing and developing high-performance applications. Skilled in full-stack development, particularly in **React.js**, **Node.js**, **Express.js**, and database management systems like **MongoDB** and **PostgreSQL**. Proficient at turning innovative ideas into real-world applications and solving complex technical challenges. Adept at collaborating within diverse teams and delivering impactful software solutions within tight deadlines. Passionate about using technology to drive business value and improve user experiences.

EDUCATION

FAST National University of Computer and Emerging Sciences <i>Bachelor of Science in Software Engineering</i>	Karachi, Pakistan <i>Expected 2025</i>
---	---

EXPERIENCE

SYSARTX <i>Full Stack Developer Intern</i>	Karachi, Pakistan <i>July 2024 – September 2024</i>
<ul style="list-style-type: none">Enhanced user interfaces using React.js and Chakra UI, resulting in a 20% improvement in user satisfaction, achieved through better accessibility and faster load times.Optimized backend services by designing RESTful APIs and optimizing MySQL queries with Sequelize ORM, cutting response times by 15%.Refactored codebase for improved scalability and modularity, ensuring efficient maintenance and future upgrades using React.js, Node.js, and Express.js.	

PROJECTS

E-Commerce App for Clothing Store	November 2024 – December 2024
<ul style="list-style-type: none">Built a comprehensive e-commerce app using the MERN stack, allowing users to perform CRUD operations, view detailed analytics, and manage orders.Implemented real-time inventory updates and order tracking, improving customer satisfaction by providing up-to-date information.Integrated Chakra UI and Tailwind CSS to design an intuitive, fully responsive UI that improved user engagement by 25%.	
Freelancer Hiring Platform	May 2024 – July 2024
<ul style="list-style-type: none">Developed a platform with integrated user dashboards, job recommendations, and automated hiring models using React.js and Node.js.Introduced real-time task updates and job status tracking, increasing platform engagement by 18%.Designed a responsive, mobile-first interface with Tailwind CSS, reducing bounce rates by 15%.	
Learn Link (LMS)	March 2024 – April 2024
<ul style="list-style-type: none">Developed a Learning Management System (LMS) using PHP, MySQLi, AJAX, and jQuery to manage student and teacher activities.Implemented grade tracking, attendance management, and role-based access features, improving administrative efficiency by 30%.	

TECHNICAL SKILLS

Programming Languages: Java, C, JavaScript, PHP, SQL, HTML, CSS
Frontend Technologies: React JS, Bootstrap, Tailwind CSS, Chakra UI, JQuery, Ajax
Backend Technologies: Node.js, Express.js, Laravel, Sequelize ORM
Databases: MySQL, MongoDB, PostgreSQL
Version Control: Git, GitHub
Soft Skills: Detail-Oriented, Effective Communicator, Problem Solver, Team Player, Quick Learner
