

MUHAMMAD ISMAIL

FULL STACK DEVELOPER

Profile

I'm a full-stack developer. I have expertise in both front-end and back-end development, allowing me to handle all aspects of web or software applications. On the front end, I work with technologies like HTML, CSS, JavaScript, I use languages like Python, or PHP, along with databases like MySQL or SQL Server, to handle server-side logic and data management.

I can deliver high-quality work for you and your company, ensuring your project is in capable hands
