📅 Dec 2022 - Jul 2023

MiNiBiG Technologies
Product Manager
📅 Aug 2021 - Dec 2021

1st-Draft
MERN Stack (Web Developer)
📅 Aug 2020 - July 2021

PROJECTS

SkyWater Technology Manufacturing Portal
(ConvSync)
📅 Sep 2024 – Jan 2025

- Transformed SkyWater Technology's legacy system by converting C-based logic into a scalable Spring Boot and API-driven web portal, improving efficiency and functionality.
- Techs: Spring Boot, Angular, and IngressDB

Land Acquisition System
(Systemsltd)
📅 Dec 2023 – Dec 2024

- Developed the Land Acquisition System for the Sumiliyan government as a Frontend Developer, focusing on building an intuitive and efficient user interface for seamless data management.
- Techs: Nest JS, Express, Angular Js ,Angular, and MongoDB

Etisalat B2B portal
(Systemsltd)
📅 Dec 2023 – Dec 2024

- Developed and enhanced Etisalat B2B Portal, building features and solution documents using AngularJS and Angular 15. Integrated Spring Boot services, ensuring performance, scalability, and business-driven solutions.
- Techs: Nest JS, Express, Angular Js ,Angular, and MongoDB
