SUMMARY

Hello, I am Noman Ali, a seasoned developer with a wealth of experience in creating and customizing PHP applications. My expertise extends to the latest PHP frameworks, including CodeIgniter and Laravel 6, 7, and 8. I specialize in developing both small and large-scale business software solutions .In addition to my proficiency in PHP, I have a strong command of Node.js, MongoDB, and modern front-end technologies such as React.js and Vue.js.
