OBJECTIVE

Aspiring Java Developer with hands-on experience in Spring Boot, Spring MVC, Hibernate, PostgreSQL and REST APIs. Developed an independent project during my internship at Systems Limited, focusing on backend development and database management. Passionate about building efficient, scalable applications and continuously improving my coding skills.

EDUCATION

BSCS, Computer Science   **Nov 2021 – Present**
Virtual University of Pakistan, Karachi.

WORK EXPERIENCE

Java Developer Intern   **Oct 2024 – Nov 2024**
Systems Limited, Karachi.

- Developed an independent Spring MVC application to apply backend development concepts.
- Designed and optimized PostgreSQL database schemas, improving data retrieval efficiency.
- Implemented Hibernate (ORM), ensuring smooth database interactions and performance.
- Developed and secured RESTful APIs to support user authentication and data management.

TECHNICAL & SOFT SKILLS

- Java
- Spring Boot
- Spring MVC
- Hibernate
- PostgreSQL
- C#
- Unity
- Eclipse
- IntelliJ IDEA

PROJECTS

- **User Registration and Management System (Spring MVC And PostgreSQL)**

- Developed a structured backend architecture using Spring MVC, ensuring scalability and maintainability.
- Implemented Restful APIs for handling user authentication and CRUD operations.

- **Electro Store (Spring Boot And JWT)**

- Created a store with Spring Boot, Java and PostgreSQL.
- Backend logic for product listings, carts, and orders was designed and put into place.
- Used Spring Security to secure the application and implemented JWT authentication.

CERTIFICATION

Web Development   **Feb 2022 – May 2022**
Institute Of Business Administration (IBA), Karachi.

Undergraduate Diploma in Game Designing and Development   **Feb 2023 – Jun 2024**
NED University, Karachi.
