SAMEER AHMED QURESHI

FULL STACK DEVELOPER

| +92-313-3946026 | sq56331@gmail.com | North Nazimabad, Karachi |

SUMMARY

Self-motivated Full-Stack Developer with a strong problem-solving mindset and a passion for emerging technologies like blockchain and AI. Proficient in Python, Django, PHP, MySQL, and front-end technologies, with hands-on experience in web development, database management, debugging, and SEO. A quick learner with a proven ability to adapt to new technologies and frameworks. Seeking an internship opportunity to apply technical knowledge, enhance practical skills, and contribute to a dynamic development team.

EXPERIENCE

WEB DEVELOPMENT (DIPLOMA)   (Feb 2021 – Oct 2024)
Aptech Learning

- Designed a user-friendly interface for a finance and lab automation website using PHP and MySQL.
- Used Python (Django) to design the website for a hotel management system.
- Utilize SEO techniques and tools to optimize content for search engines.
- Manage multiple projects simultaneously and meet tight deadlines.
- Demonstrated strong SQL skills by writing CREATE TABLE statements, defining foreign key constraints, and implementing data integrity measures.

EDUCATION

BACHELOR OF COMPUTER SCIENCE   (2023 – 2027)
Iqra University

SOFTWARE ENGINEERING DIPLOMA   (2021 – 2024)
Aptech Learning

PRE-ENGINEERING   (2020 – 2022)
Quaid e Azam Rangers School & Colleges

SKILLS

SOFT SKILLS

Problem-solving	*Debugging*	Teamwork	*Creativity*	Communication	*Research*

TECHNICAL SKILLS

Python	*Django*	PHP	*MySQL*	React.js (learning)	*HTML*
CSS	JavaScript	*SQL Server*	jQuery	*SEO*	SQLite

MINI PROJECTS

PYTHON AND JAVASCRIPT

- Developed Python scripts for data analysis using Pandas and Matplotlib.
- Built interactive games such as Quizler and Rock-Paper-Scissors using Python.
- Created GUI-based applications like a Notepad clone, calculator, and login forms using Tkinter.
- Developed small JavaScript programs to enhance website functionality.
